

Prevent Cigarette Litter in Thunder Bay!

EcoSuperior, Litter Free Thunder Bay and Alfa Products have a **GREAT DEAL** on an outdoor cigarette receptacle for your workplace. **PLUS GET a \$20 REBATE!**

Did you know...?

- Cigarette butts are the most littered item (approx. 35-50% of all litter). It is estimated that 1.69 billion pounds (over 768,000 metric tonnes) of butts wind up as litter worldwide per year.
- Filters are 95% acetate (plastic) and can take up to 15 years to decompose.
- Cigarette butts and other litter dropped on the ground end up in streams, rivers and Lake Superior via wind, rain and storm sewers.
- The chemicals from cigarette butts have been proven to be toxic to fish and other aquatic organisms.
- Cigarette filters have been found in the stomachs of fish, birds and other animals who mistake them for food.

Help make Thunder Bay clean, green and beautiful!

Alfa Products is offering a 15% DISCOUNT (wall mount S/L: \$199/249, **now ~\$169/212**, ground mount: \$359, **now \$305**) on cigarette receptacles plus FREE INSTALLATION. Rebates are available from EcoSuperior with proof of purchase and installation of wall-mounted or ground-model enclosed cigarette receptacles (no open ashtrays) after February 15th, 2010, while quantities last. If you installed your receptacle prior to this date, please send a photo (digital or print) along with your contact information and we'll enter you in a draw for a \$20 rebate. Rebate is not limited to Alfa Products receptacles. If you have questions, call Karen @ 624-2148. Limit one rebate per workplace. Please note receptacles must be placed at least 3 metres from an entrance to a work place according to City of Thunder Bay By-law # 34-2004.

Phone #: _____

Mailing Address: _____

Please Enclose: Proof of purchase (copy of receipt) AND either a copy of receipt for installation or a photo.

Mail to: EcoSuperior (Attn: Litter Free)
212 Miles St. E., Thunder Bay, ON, P7C 1J6
Fax: (807) 622-0005
E-mail: karen@ecosuperior.org

As more municipalities adopt smoke-free policies for public areas, more cigarette waste litters our sidewalks and public spaces. BUTTMATE offers a simple, safe, and visually-pleasing solution to this problem. A lit cigarette, dropped into the cylindrical unit, is extinguished almost immediately due to oxygen deprivation, thus eliminating annoying odours associated with some disposal systems. Easy to maintain 100% stainless steel.
